

The BudList

A place for one stop shopping and selling

Have furniture you would like to sell? Moving and you know you don't want to bring those old baby clothes that you will never need again? What are you going to do with them?

Why don't you put them on the BudList!

If you would like to submit items for resale please submit to ombudasac@hotmail.com by the last Tuesday of each month. If you also have an "At Home" business that you would like to promote send me that information.
